**SUPPORTERS OF OUR INJURED TROOPS:**

The proud and brave wounded American Troops and their families continue to need assistance and support from the American public in continuing on with their lives during and post-injury.

As the wounded return home they and their families endure countless financial and material obstacles unimaginable to the average freedom-loving American. Mothers, fathers, and wives leave their jobs and travel great distances to be at their loved-one's bedside for weeks and sometimes months. Houses need to be renovated to accommodate the various disabilities, vehicles need retrofitting, unexpected expenditures persist, and shattered lives need constant care... All in the cause for freedom here in the United States and throughout the world.

Through the ongoing efforts of both the FAMILY & FRIENDS FOR FREEDOM FUND, Inc. (Non-profit 501(c)3) and the FDNY-VFW POST 12033 the financial and material burdens are lessened to the extent our supporters donate and participate in various fundraising opportunities. Please take this unique opportunity to show your support for our brave and courageous wounded military and their families by choosing a sponsorship package that best suits your company or personal budget means.

For Freedom, They Fight. For Us, they bare the burden of securing and maintaining the American Dream. Help us...Help them.

Patriotically,

Joe Morstatt (FDNY Ret)
